CONSENT TO TREATMENT

I voluntarily consent to receive (or have the patient named below, for whom I am legally responsible, receive) acupuncture and traditional Chinese medicine administered by licensed acupuncturists working at Three Wells Acupuncture Clinic, Inc. who are licensed by the State of Illinois and certified by the National Certification Commission of Acupuncture and Oriental Medicine. **I understand that his/her training is in acupuncture and traditional Chinese medicine and that (s)he is not, nor claims to be, a medical doctor. I understand that the evaluation given to me in no way purports to be, or replaces, allopathic (western) medical evaluation, diagnosis, or treatment.**

I have provided a full history and description of complaints which are complete and accurate. **I understand that no guarantee has been made concerning the use and effects of acupuncture and traditional Chinese medicine.** I understand that I may discontinue treatment at any time.

I understand that acupuncture is the insertion of fine, sterile, single-use needles. As part of traditional Chinese medicine, the methods of treatment may include, but are not limited to, liniments (herbal ointments), gua sha (muscle scraping technique), cupping (myofascial release), moxa (heat therapy), tui na massage, electro-stimulation, herbal and dietary supplements, essential oils, and eastern nutritional counseling, as appropriate to treatment.

I have been informed that acupuncture is a generally safe method of treatment but that, although rare, certain side effects may result. These may include slight bleeding, minor bruising, or some discomfort at the site of needle insertion. Other possible risks from acupuncture include dizziness, fainting, or light-headedness. Extremely rare risk of acupuncture includes nerve damage, organ puncture, and infection. Extremely rare risk of heat therapy includes discomfort or burning. The herbs, nutritional supplements, and essential oils (from plant, animal, and mineral sources) that have been recommended are considered safe in the practice of Traditional Chinese Medicine, although some may be toxic in large doses. I understand that some supplements may be inappropriate in pregnancy. Rare but possible side effects of taking these supplements could be nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives, and tingling of the tongue. I will seek medical attention, if needed.**I will also immediately notify my acupuncturist if I feel any of the aforementioned symptoms during or after an acupuncture treatment, or any unpleasant or unanticipated effects associated with the consumption of supplements obtained from this clinic**. I do not expect the acupuncturist or clinical staff to be able to anticipate and explain all possible risks and complications of treatment. I will notify the acupuncturist or clinical staff if I am or become pregnant, if I have a severe bleeding disorder, or if I am wearing a pacemaker or other electronic medical device.

By signing below, I show that I have read, or have had read to me, the above consent to treatment and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.
